OFFICE OF PETITIONS

In re Application of Alexa L. Martinez et al. Application No. 10/669,597 Filed: February 19, 2008 Attorney Docket No. 2057.0040002/ELE/HCC

: DECISION ON APPLICATION :FOR PATENT TERM ADJUSTMENT

This is a decision on the "Request for Reconsideration of Patent Term Adjustment Determination Under 37 C.F.R. § 1.705(b)", filed December 20, 2011. Applicants request that the patent term adjustment at the time of the mailing of the Notice of Allowance be corrected from 427 days to 508 days.

The application for patent term adjustment is **GRANTED**.

The Office has updated the PAIR screen to reflect that the correct Patent Term Adjustment (PTA) determination at the time of the mailing of the Notice of Allowance is FIVE HUNDRED EIGHT (508) days. A copy of the updated PAIR screen, showing the correct determination, is enclosed.

On September 20, 2011, the Office mailed the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the above-identified application. The Notice stated that the patent term adjustment (PTA) to date is 427 days. The instant application for patent term adjustment was timely filed<sup>1</sup>. Applicants dispute the reduction of 81 days of PTA for applicant delay in filing an Information Disclosure Statement (IDS) on May 24, 2011 after the filing of a response to a non-Final Office Action on March 4, 2011.

Applicants specifically state that the patent issuing from the application is not subject to a terminal disclaimer.

A review of the record reveals that on March 4, 2011 applicants filed a response to the non-Final Office action mailed October 4, 2010. Then on May 24, 2011, applicants filed the Information Disclosure Statement (IDS). Pursuant to 37 CFR § 1.704(c)(8), the submission of a supplemental reply or other paper, other than a supplemental reply or other paper expressly requested by the examiner, after a reply has been filed, is a failure to engage in reasonable efforts to conclude prosecution. The record does not support a conclusion that the IDS was expressly requested by the examiner. Accordingly, filing of the IDS may be considered a failure to engage and a proper basis for reduction.

PALM records indicate that the Issue Fee was also received on December 20, 2011.

However, the record supports a conclusion that the IDS was received May 24, 2011 with a 37 CFR 1.704(d) statement.

37 CFR 1.704(d) provides that a paper containing only an information disclosure statement in compliance with 37 CFR 1.97 and 1.98 will not be considered (result in a reduction) under 37 CFR 1.704(c)(6), 1.704(c)(8), 1.704(c)(9), or 1.704(c)(10) if it is accompanied by a statement that each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart application and that this communication was not received by any individual designated in 37 CFR 1.56(c) more than thirty days prior to the filing of the information disclosure statement. This provision will permit applicants to submit information first cited in a communication from a foreign patent office in a counterpart application to the Office without a reduction in patent term adjustment if an information disclosure statement is promptly (within thirty days of receipt of the first communication) submitted to the Office. Compliance with the statement requirement of 37 CFR 1.704(d) does not substitute for compliance with any relevant requirement of 37 CFR 1.97 or 1.98. 37 CFR 1.704(d) also provides that this thirty-day period is not extendableeply was expressly requested by the examiner, within the meaning of § 1.704(c)(8). Accordingly, no reduction is warranted.

In view thereof, no reduction should have been taken for the filing of the IDS after the mailing of the response to the non-Final Office Action on May 24, 2011.

Receipt of the \$200.00 fee set forth in 37 CFR 1.18(e) is acknowledged. No additional fees are required.

The application is being forwarded to the Office of Data Management for issuance of the patent. The patent term adjustment indicated on the patent (as shown on the Issue Notification mailed about three weeks prior to patent issuance) will include any additional adjustment accrued both for Office delay in issuing the patent more than four months after payment of the issue fee and satisfaction of all outstanding requirements, and for the Office taking in excess of three years to issue the patent (to the extent that the three-year period does not overlap with periods already accorded).

Telephone inquiries specific to this decision should be directed to the undersigned at (571) 272-3212.
